To Whom It May Concern:

It is of great pleasure to write this letter of support for Dr. Supraja Gurajala's promotion to Associate Professor and Continuing Appointment in the Department of Computer Science. Over the past several years, Dr. Gurajala and I have worked on committees together and I am honored to write this letter of recommendation.

Dr. Gurajala demonstrates exceptional leadership skills, which was demonstrated when she chaired the Faculty Senate Student Affairs Committee. She ensured that faculty involved in the committee were continually updated on new initiatives and ran very smooth meetings; ensuring that all members had a voice. Under Dr. Gurajala's leadership, we were able to ensure that our students had safe alternatives to get them to polling places in Potsdam during the 2020 elections, which we called "Voting Buddies."

Dr. Gurajala and I are currently serving on the Faculty Senate Business Affairs Committee, and while she is not the chair of the committee, her hard work and dedication to the college, faculty, and students does not go unnoticed. Dr. Gurajala continues to bring valuable insight and suggestions needed to improve discussions and evaluations around Business Affairs related issues.

I recommend Dr. Supraja Gurajala for promotion without reservation. It is evident that she deeply cares about her students, faculty, and commitments to the SUNY Potsdam campus.

Sincerely,

Sarah A Solley
