18. THE INSTRUCTOR: Please comment on the strengths and weaknesses of Instructors. Would you take another course from this instructor?	
One major issue with this class is that Dr. Gurajala grades work extremely late, taking sometimes weeks or even over a month to grade a homework assignment. This makes it extremely difficult to know how we're standing in this class. I would prefer not to take another course from this professor due to this, however, I have no choice in this matter.
